Message from the Management

The novel coronavirus pneumonia COVID-19 epidemic has lasted for three years since the beginning of 2020. Although the epidemic has gradually slowed down in 2022, it will continue to have an impact on the whole world. The tourism and tourism industries have been greatly impacted. , is still actively planning strategic transformation and market development. In order to protect the health of consumers and respond to changes in the catering market during the epidemic , we have carried out various business and marketing plans and continued to maintain contact with domestic and foreign businesses before the border is opened. After the opening of the border, we can quickly obtain business opportunities; at the same time, we also adjust our operation strategy and internal organization to cope with the post-epidemic changes. Cooperate with supermarkets to increase sales channels, seize frozen ready-to-eat meals, and actively expand sales platforms through digital and physical channels. Fortunately, with the popularization of vaccines around the world and the awareness of co-existence with the virus, countries are opening up their borders one after another. Taiwan also officially lifted border control on October 13, 111 and gradually relaxed border quarantine and mask policies. Overseas tourists have returned one after another. Hotels Overall revenue has also begun to recover.

Thanks to the efforts of all partners, the restaurants under My Humble House have been recognized by major domestic and foreign professional organizations year after year, including the Sheraton Taipei Hotel' s Jingkelou Restaurant, which was awarded two Michelin stars in the 2022 "Michelin Guide Taipei" and has been awarded this award for five consecutive years Honors , Sheraton Taipei Chenyuan Restaurant and Le Meridien Taipei's Humble House Recipe Restaurant also won the "Michelin Plate" for five consecutive years.

In terms of the environment, this year we formed the "Humble House Group Greenhouse Gas Inventory and Promotion Team" to be responsible for the formulation of the overall environmental plan. We promoted energy-saving and carbon reduction programs and equipment replacement programs to reduce electricity consumption and carbon emissions , special personnel to control and detect carbon dioxide emissions, hoping to more effectively grasp our carbon footprint and promote our efforts in environmental protection. In addition, each hotel under My Humble House Group responds to the "Earth Hour" event launched by the World Wildlife Fund every year , inviting guests to turn off the lights and leave the guest room to respond to energy conservation and contribute to the sustainable environment.

My Humble House adheres to the sustainable vision of "people-oriented, symbiotic with the environment, and a new value of global friendly ecology that prospers with the society", connects various internal and external resources, and actively participates in social welfare activities. In 2022, Sheraton Taipei, Le Meridien Taipei, Mu Jiao Xi Hotel and Humble boutique Hotel will cooperate with Genesis Foundation to jointly hold a Mid-Autumn Festival charity event and donate 250 boxes of mooncakes, so that the poor families who receive the mooncakes can eat them Feel the full Mid-Autumn Festival blessings and warmth in your mouth and sweetness in your heart. At the same time, Mu Jiaoxi Hotel also actively connects with the local area, promotes the local traditional culture of Yilan, and takes care of the local communities and disadvantaged families in Yilan. This year, it also organizes many donation activities to give back to the local area with practical actions. Despite the challenges brought about by the epidemic, My Humble House has always adhered to the mission of giving back to the society, continued to pass on love and care to the society, and fulfilled its corporate social responsibility.

林德福

My Humble House Sustainable Living Blueprint

My Humble House continues to move forward at a steady pace in terms of environment, society and economy, promoting the sustainable development of the global society and the communities we serve. By echoing the United Nations' 17 Sustainable Development Goals (SDGs), we strive towards the practice of sustainability goals and will fully fulfill our commitment to the concept of sustainability.

Sustainable Governance

My Humble House engages with stakeholders through diverse channels, aiming for mutual benefit and company growth. We uphold the principles of integrity, risk management, and strict adherence to legal regulations. We strengthen corporate governance to establish a sustainable brand.

Social common prosperity

My Humble House deeply engages in environmental protection, promotes charitable activities, and supports sports development. We aim to leverage our group's resources to go beyond our core business, pay attention to matters both big and small in society, and create a positive impact of truth, kindness, and beauty, achieving mutual prosperity with society.

Sustainable Governance

My Humble House continuously innovates its products to meet customers' comprehensive dining needs. We implement sustainable supply chain management, establish a robust food safety system, and provide professional training to our service personnel. Our unwavering commitment is to offer consumers the highest quality hospitality experience.

Employee Well-being

My Humble House promotes talent development and retention through comprehensive career planning, diverse education and training programs, and a healthy and safe working environment. We create an inclusive and equal-friendly workplace, contributing to the vision of social stability.

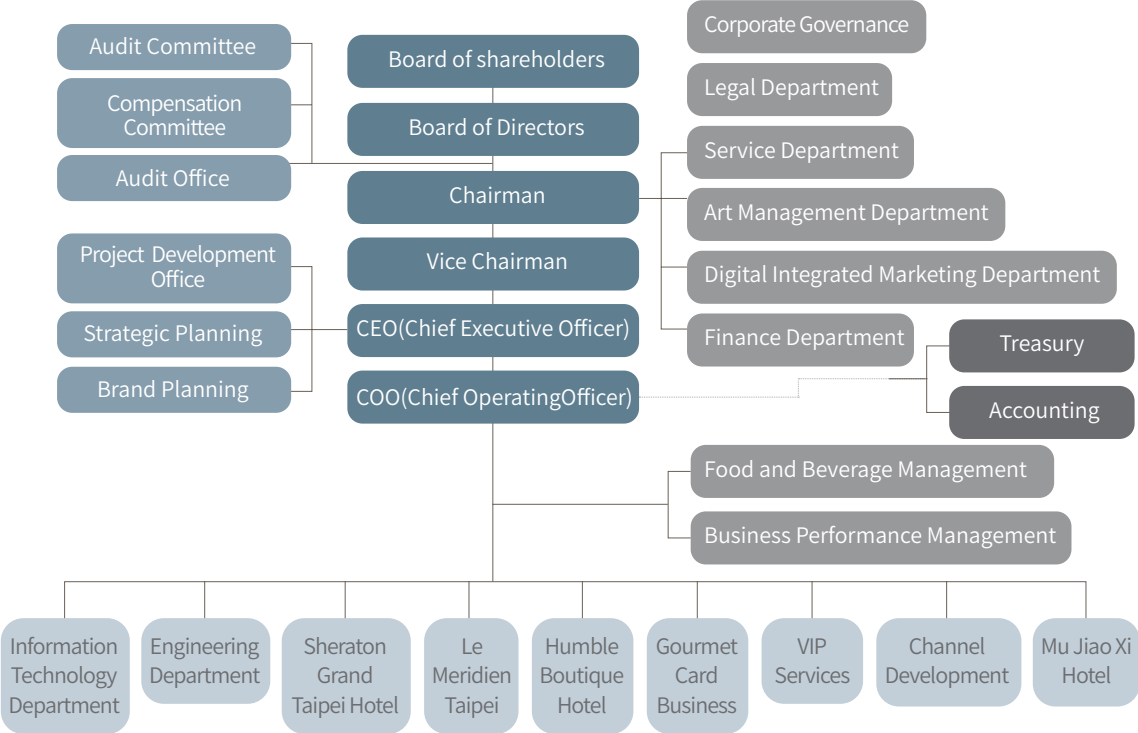

Green Operations

In our operations, My Humble House reduces environmental impact through measures such as energy, water resource, and waste management. We are committed to long-term green hospitality, implementing environmental sustainability through eco-friendly initiatives in our green operations.

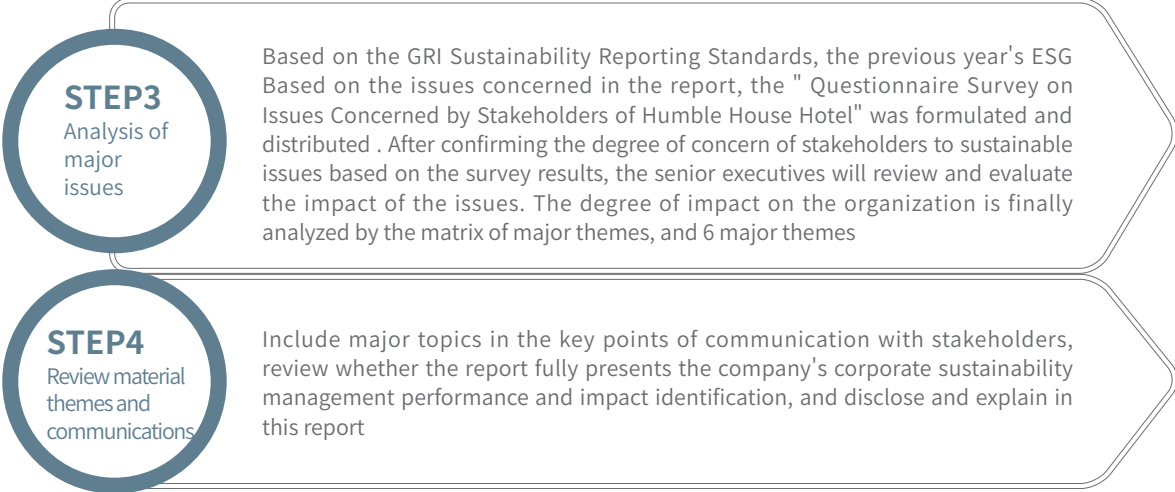

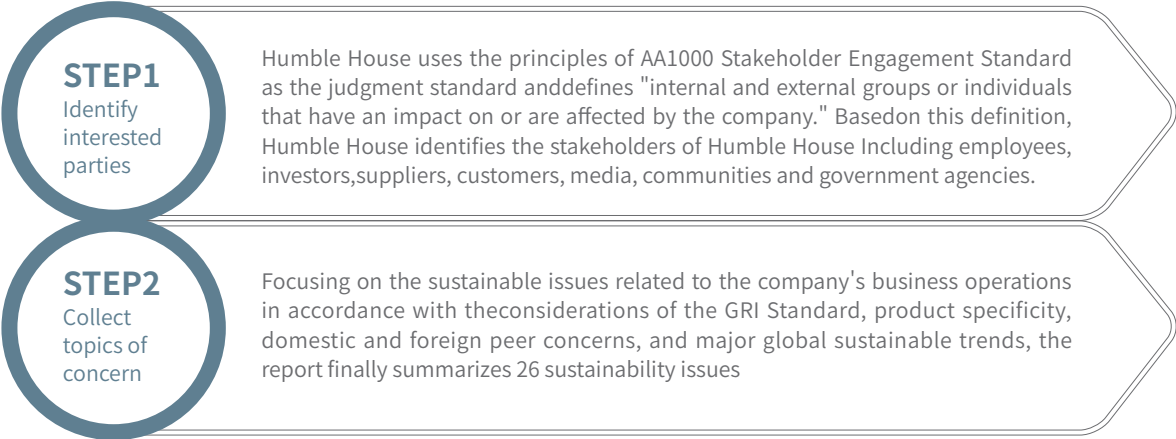

Join hands to implement the vision of sustainable development

In order to continue to deepen the sustainable operation of Humble House Hospitality, the company established the "Corporate Social Responsibility Promotion Group" in 2016 and officially changed its name to the "Sustainable Development Promotion Group" in 2022. The chairman serves as the convener, and the CEO's office and The general managers of each hotel form an "ESG decision-making group" to be responsible for formulating corporate social responsibility strategies, coordinating issues related to corporate social responsibility, strategic development and risk assessment, and formulating relevant risk management policies.

Stakeholders and Materiality Analysis

Steps to identify stakeholders and major issues of My Humble House

Each department of Humble House Hospitality identifies and summarizes the eight major stakeholders based on daily activities and transactions, including: employees, investors, suppliers, customers, media, communities, government agencies, and consultants, and each follows appropriate channels , carry out regular, long-term, and in-depth communication, so as to understand the issues and expectations that stakeholders value, so that we can respond quickly and appropriately, adjust the management policy of related issues, implement effective communication, and achieve the vision of sustainable development.

Major Theme Assessment Process

My Humble House uses the following four steps to complete the identification of issues of concern to stakeholders, provide responses in this annual report, and promote improvement plans

Analysis results of major themes of My Humble House

Major Theme Assessment Process

After establishing the ranking of major topics based on the survey results of the eight major stakeholders, we will consider whether to adjust the significance of the issues. We will further evaluate the impact of major topics on the internal and external organizations through the ESG decision-making group of My Humble House to identify those covered by major issues. The scope, boundary and reporting period facilitate proactive responses to important information and performance that stakeholders are concerned about, and ensure that information on major issues is fully disclosed in the report. At the same time, the ESG decision-making group will conduct comprehensive discussions and planning on the sustainable core strategic direction and management guidelines for major issues.

The sustainability issues of the previous year will be continued and the "operational continuity management" issue will be maintained to highlight the group's emphasis on post-epidemic operations. As shown in the table below, "customer privacy management" was a moderately significant issue last year and will be affected this year. Associates rated high impact.

TCFD Climate Change Risks and Opportunities

Facing the transformational risks, physical risks and opportunities brought about by climate change, Humble House actively deploys and responds to maintain the competitiveness of the enterprise. In order to implement climate risk management and respond to the United Nations Sustainable Development Goals (SDGs) , My Humble House has introduced the Task Force on Climate-Related Financial Disclosures (TCFD) framework to identify the risks caused by climate change. Risks and opportunities, and link them with business strategies to achieve the goal of sustainable management and promote communication with stakeholders .

Climate Change Risk and Opportunity Identification Process

TCFD executive summary

Climate Change Adaptation Strategy

Governance

- Board of Directors and its Functional Committees: Oversight of climate change risks, opportunities, adaptation strategies, and related initiatives, as well as the promotion of goals and achievements.
- Audit Office: Coordination of relevant departments within the company, a joint review of internal and external risks faced by the company (including climate change risks), formulation of risk response strategies for company-wide significant risk issues, and regular reporting to the Board of Directors.
- Various Units and Teams: Establishment of the Shan She Group's Greenhouse Gas Inventory and Promotion Team, responsible for overall planning, greenhouse gas emissions statistics of various types, inventory checklists, and report preparation, among other tasks.

Strategy

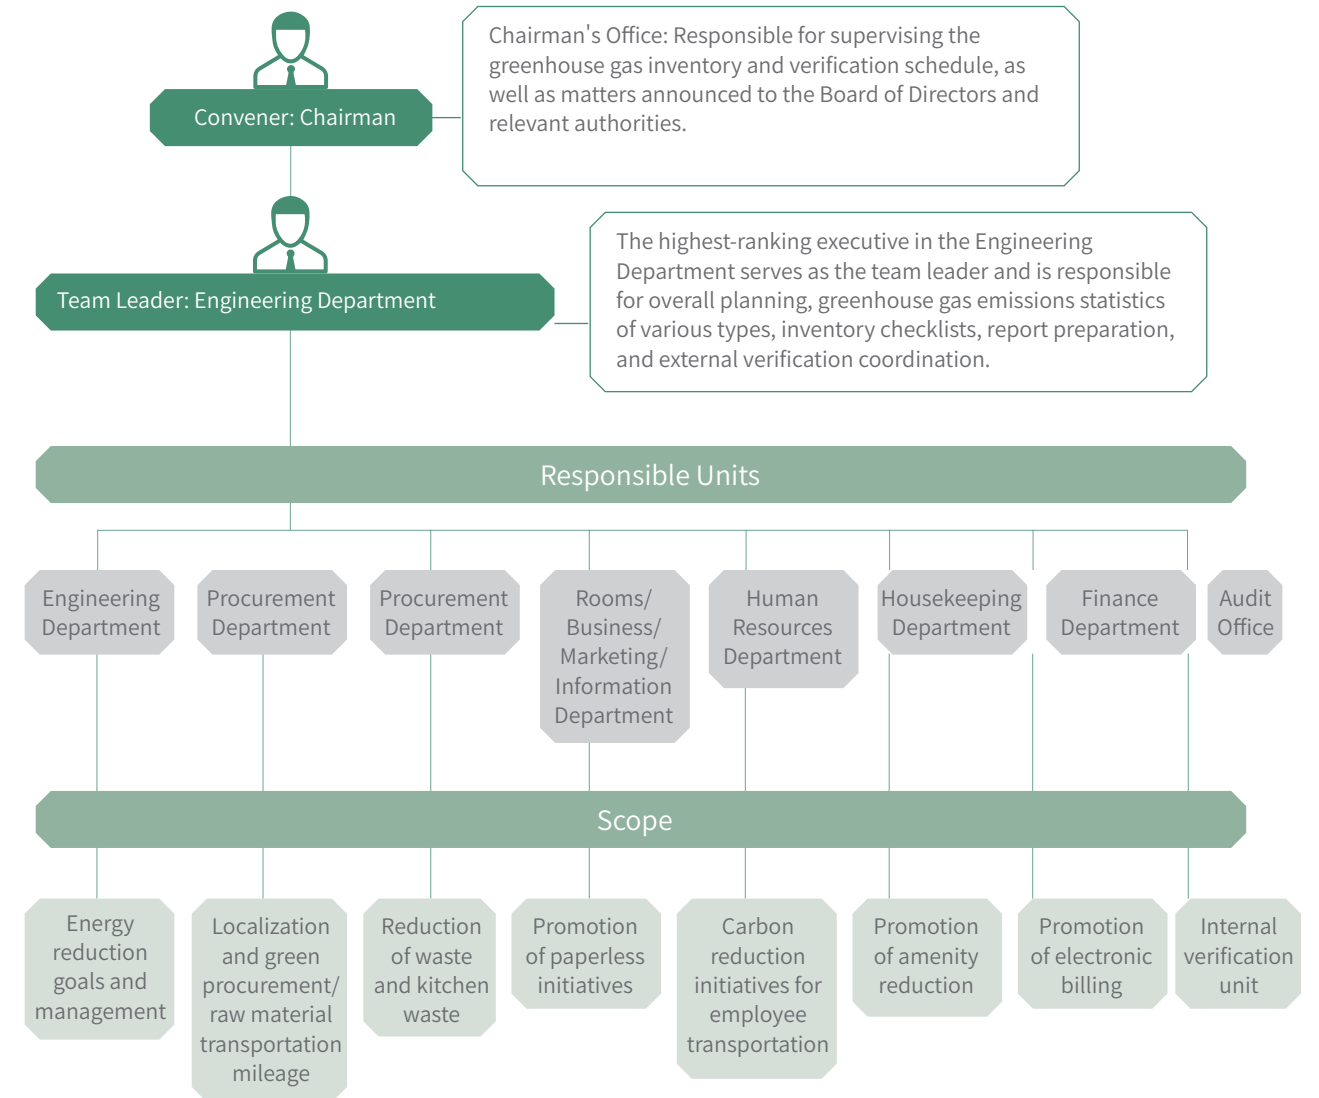

- Using the TCFD framework, regularly identify short, medium, and long-term climate-related risks and opportunities, establish relevant response plans for continuous growth, and address the impact of climate-related risks and opportunities on the organization's operations, strategies, and financial planning.

Risk Management

- Conduct risk and opportunity analysis on the identification of potential policy, regulatory, market, and technological changes, as well as reputation and substantive risks that may arise in different contexts.
- Through discussions and research within relevant departments, develop adaptive and mitigating strategies for addressing significant risks in advance, and present the overall assessment results to the Board of Directors.

Metrics and Targets

- Establish climate-related risk and opportunity assessment management indicators, including water usage, energy consumption, greenhouse gas emissions, and others.
- With the concept of green hospitality as a starting point, reduce the use of disposable products and propose a paperless plan to decrease carbon emissions in the accommodation sector.

Climate Change Risk Matrix

Climate Change Opportunity Matrix

Energy Resource Management

My Humble House Resource Conservation Policy	My Humble House Resource Saving Target
Climate change intensifies and extreme weather events occur frequently , the issue of "energy saving and carbon reduction" continues to attract the attention of external stakeholders . My Humble House pays close attention to the development direction of low-carbon economy in various industries , and considers how to optimize the response. Continuing the results of last year, My Humble House continues to introduce energy-saving solutions, and conducts experience exchanges through regular meetings, and is committed to the vision of green operations .	The company is committed to reducing carbon emission intensity (tons of CO2e/thousand yuan turnover), adjusting energy-saving actions with reference to domestic and foreign energy-saving and carbon-reduction trends , setting 2018 as the base year, and aiming to reduce carbon emission intensity by 1% every year. , long-term planning, continue to promote energy conservation and carbon reduction measures and purchase environmentally friendly and energy-saving equipment, and are expected to reduce carbon emission intensity by 12% in 2030 .

Key Energy Saving and Carbon Reduction Programs

2022 , Humble House Hospitality also set "Equipment Retirement" as the main axis of the energy-saving plan , and continued to invest in equipment replacement and replacement projects. In addition to replacing lamps and equipment, structural inspections of existing buildings and exterior walls were also carried out. Carbon dioxide emissions are controlled and detected through central air-conditioning monitoring, and Le Meridien Taipei has added an oil treatment system to break down and eliminate odors. In the future, we will continue to promote the replacement of power-saving frequency conversion equipment in each museum to achieve annual energy conservation and carbon reduction goals.

	Type of energy used	2020	2021	2022
Energy usage	Electricity (degrees)	29,593,293	25,704,400	28,113,000
	Diesel (liter)	15,795	14,800	14,263
	Heavy oil (liter)	0	0	0
	Natural gas (degrees)	1,779,752	1,683,059	1,993,180
	Liquefied petroleum gas (kg)	196,108	155,891	171,431
emission of greenhouse gases	Scope 1 carbon emissions (tons)	3,775.59	3,516.90	4,132.70
	Scope 2 carbon emissions (tons)	14,855.83	13,083.54	14,309.52
	Carbon emissions (tons)	18,631.42	16,600.43	18,442.22
	Carbon emission intensity (tons of CO2e/thousand dollars)	0.00664	0.00711	0.00556

• The main types of energy used by My Humble House include electricity, diesel and natural gas. Among them, the electricity consumption required for lighting and air conditioning is the largest. Energy use in all aspects is higher than last year. Regarding greenhouse gas emissions, the total greenhouse gas emissions are higher than last year. An increase of 11%.

• The above-mentioned situation is mainly caused by the slowdown of the epidemic . All business units have started to operate stably. My Humble House will set up a greenhouse gas inventory and promotion team in 2022. With the efforts of the team, the carbon emission intensity has been reduced by 0.155% compared with last year, a record high Three-year minimum.

Electricity consumption of the My Humble House

Unit: ton

	Sheraton	Le Meridien	Mu Jiao Xi	Total	Carbon dioxide emissions
2020	13,986,400	6,682,000	7,469,693	28,138,093	13,928,356
2021	12,784,800	6,212,800	6,706,800	25,704,400	12,723,678
2022	13,954,400	6,706,800	7,137,000	27,798,200	13,760,109

Water consumption of the My Humble House

	Tap water withdrawal volume	Groundwater with drawal volume	Water intensity	TYoY(%)
2020	697,288	107,646	0.287	18.19%
2021	555,021	80,917	0.273	-5.63%
2022	710,981	87,444	0.24	-22.50%

waste management

Waste Management Policy	<ul style="list-style-type: none">Follow the "Industrial Waste Storage and Clearance Treatment Methods and Facility Standards" and other laws and regulations to plan appropriate storage locations for waste, and outsource it to qualified professional waste cleanup operators for disposal.Face relevant issues with a rigorous attitude, and strictly implement waste-related disposal procedures to respond to external concerns about waste disposal and environmental impact issues, and fully implement due corporate social responsibilities.
Energy usage	<ul style="list-style-type: none">General waste: Dedicated personnel will transport it from the site to the garbage room, and the waste will be collected and transported daily.Food waste: Special personnel will transport it from the site to the garbage room, place it in a food waste bin in a special cold storage for food waste, and collect it 2 to 3 times a week.Waste oil: If waste oil is generated in the kitchen, a dedicated person will clean it from the site to the waste oil barrel in the garbage room , and clean it 2 to 3 times a week.
Waste Management Effectiveness	<ul style="list-style-type: none">The waste disposed by My Humble House in 2022 was 2,256 tons, an increase of approximately 10% compared to 2021 due to the increase in turnover.

Diverse Talents

My Humble House values a diverse and open workplace culture and adheres to the principle of equal employment. During the recruitment process, we take professional ability as the main selection consideration and will not discriminate on the basis of race, gender, age, physical and mental status and other factors. As of 2022, our staff consists of 1,583 people, including young people, indigenous people and people with disabilities. We believe that a diverse workforce inspires new perspectives and innovative possibilities. In terms of gender ratio, we are committed to achieving a goal of 50/50 men and women to achieve true gender equality. In addition, we also actively provide job opportunities for people with disabilities and strive to increase the number of employees with disabilities every year. We hope that through such a diverse and inclusive workplace culture, all employees can develop their strengths at work, propose different thinking, and become a key force in promoting corporate growth.

Centennial Unity: Binding for a Century

Listen Carefully and Implement Diligently

Mu Jiao Xi inherits the brand concept of humble house aesthetics "Take the earth as home", perfectly integrates nature, famous soup and local culture, promotes Yilan's century-old traditional culture with actions, and cares about ocean conservation and sustainability. It will be held on October 25 Gather the employees of Mu Jiao Xi hotel to visit the beaches of Hong Kong and Macau together, experience the 200-year-old "Northeast Corner Pulling Knuckles" in Yilan, blow the call through the "snails", as the basis for the gathering of fishermen from all walks of life, and play fishing with team spirit The method embodies the spirit of unity and sharing. In 2023, the theme of "Counseling Year" will also be connected, and various themed activities will be held in combination with the characteristics of 12 townships in Yilan, so that employees and tourists can understand Yilan's local cultural features and natural environment, thereby driving overall tourism. co-prosperity benefits.

This activity also invited Li Shitian, the general manager of the port community, to lead the staff of Mu Jiao Xi to visit the windbreak forest ecology, land crab restoration, and the culture of fishing villages, etc., through activities to show teamwork spirit and local culture. Really caring!

In-depth exploration-mobile morning meeting

Mu Jiao Xi is committed to Yilan symbiosis, local care and public welfare practices with concrete actions. It specially launched a "mobile morning meeting" on July 28, leading hotel managers to the Erhu Pineapple Restaurant in Yuanshan Township to experience the latitude of Yilan first-hand. The highest fruit-picking farmhouse. Jiang Chaoqing, the head of the pineapple production and marketing team, professionally explains the characteristics of "Kaiying No. 3" pineapples, farming and harvesting techniques, and DIY pineapple tofu curd, so that every employee can enrich the humanistic spiritual connotation, aiming to In conjunction with the development of regional characteristics, it will promote the co-prosperity of Yilan's overall tourism and let everyone see the charm of Taiwan. The fresh pineapples harvested during the event will be paired with the popular gourmet product "Pepper Spiced Charcoal Grilled" offered by Mu Jiao Xi. About 140 "chickens" were handed over to the village head to help donate to the local disadvantaged families, caring and sending warmth, and fulfilling social responsibilities. The mobile morning meeting was specially chosen on the day before the gate of ghosts opens in July of the lunar calendar. In addition to experiencing the pastoral fun of harvesting pineapples, combined with the heart-warming charity activity of sending delicious food, we also specially learned about the "pineapple flower" and led colleagues to worship heaven and pray for blessings. Especially with the meaning of cultural inheritance.

link local project

Mu Jiao Xi - Perfect in Every Way

To support the fishing and aquaculture industry, MU JIAO XI HOTEL has procured two tons of qualified grouper fish. They have launched the "Perfect Ten with Grouper" event, featuring a variety of fresh fish dishes at MU TABLE buffet restaurant, Chuan Hui Chinese Restaurant, and MU BAR Lobby Bar. The menu includes dishes such as Steamed Grouper with Classic Flavors, Sichuan Peppercorn Yogurt Fish, and Spicy Grilled Fish from Chongqing, among others. In addition, MU TABLE offers a "LIVE SHOW" by chefs with different themes every day of the week, such as Hakka Rice Cakes with Matcha and Singaporean Colorful Yusheng, providing guests with both visual and culinary delights while enjoying their meals.

Zoom and Sail, Children's Summer Camp

Mu Jiao Xi offers the "Zoom and Sail, Sea Adventure" program for children aged 6 and above, featuring two distinct land and sea courses. At the Wushih Harbor Pier, there's a "Yacht Self-Driving" experience led by professional instructors who provide lessons in English. Children have the opportunity to learn about sailboat structures, understand nautical charts, practice sailboat handling, and master sailor knot-tying, all while enjoying the thrill of being young sailors. Additionally, at the Yilan Dazhou Racetrack, the "Equestrian Activities" program, guided by patient and skilled instructors, allows children to ride gentle and stable horses. With their extensive experience in teaching children, they ensure a safe and enjoyable experience, providing young participants with the joy of being little cowboys. During the day, children receive professional coaching, and in the evening, they can stay at a premium resort hotel to enjoy hot springs and gourmet dining.
